MARY ELLEN'S INTRODUCTIONS FOR 1958

JADE QUEEN, a tall bearded iris of lovely form, good branching and excellent substance. Standards are erect and nicely closed, willow green (Wilson's 000862/3). Falls same color with sea blue (Wilson's 0 43/3) around tip of beard. Nicely flared, hafts Uranium green (Wilson's 63/2). Glistening silver dust over entire flower. Vigorous grower, good increaser. 36" midseason to very late. Seedling No. 1700H (Pretty Quadroon X Maid of Cotton). **Net \$25.00**

KAREN MOHR, tall bearded oncobred Mohr form plicata. Standards sprinkled blue violet over white background. Falls white stitched blue violet. Solid violet hafts. Outstanding feature, style arms of pure violet extend well out of flower. A thick lush brown beard. Rapid increaser, nicely branched. 34" midseason to very late. Seedling No. 1700 QQ (Lady Mohr X Lela Dixon). **Net \$20.00**

MISSION TRAILS, tall bearded. One of the most beautifully formed and heavy substantenced blends we have seen. Standards are pansy violet (Wilson's 0 33/3) closed and very ruffled. Falls same color with a heliotrope. (Wilson's 6 36/1) area around orange beard. Very fragrant. Excellent branching. 38" midseason to very late. Seedling No. 1778 (Spanish Peaks X Inca Chief). An elegant iris. **Net \$25.00**

The name was chosen because of the color which reminds one of the many colored lupines that graced the hill and meadow areas surrounding the mission trails from Mission San Antonio to Mission San Jose, Calif.

WILD BLUE YONDER, tall bearded quality iris. A Moorish blue (Wilson's 7 39/2) self. Heavy substance, ruffled and wavy. Standards slightly open but strong midrib holds them erect until flower is spent. Flaring broad falls, beard beautiful orange, becoming deeper orange in throat of flower. Branching plus. 34" midseason to very late. Seedling No. 1772 (Chivalry X Danube Wave). **Net \$25.00**

WOODMONT ROSE, a California native (beardless). Very dainty and beautiful iris of creamy white with large signal patch of rich shade of rose fuschia. Petals wavy. This iris is named in memory of my very dear friend, Rose Mitchell, who grew many California native iris in her lovely garden on Woodmont Ave., Berkeley, Calif. **Net \$3.00**

1957 INTRODUCTIONS

LACEY BLUEBONNET (Ellen Knopf 1957)

Tall bearded, 38" mid-season to late. Daintily laced lavender blue (381 Wilson) of very good form. Standards nicely laced and closed. Falls flaring and lacey. White throat and pale yellow beard. A vigorous grower. Beautiful iris for any garden. Seedling No. 1801 (Chantilly X Chivalry). Won the Seedling Certificate in our local show in 1956.

Net \$20.00

TULA MOA (Ellen Knopf 1957)

32" mid-season to late. Lovely violet bitone. This attractive ruffled iris is truly a feminine flower (hence the name meaning Little Mother in Danish). The light violet standards nicely ruffled and waved. The darker violet falls being wavy and ruffled so much as to be upturned. Very favorable comment at the Sacramento Iris Show in 1957. Seedling No. 1892. (Snow Flurry X Lothario).

Net \$20.00

1956 INTRODUCTIONS

PLUM LOVELY (Ellen Knopf)

40" E.M.L. An exquisite dark plum colored iris of exceptionally fine form and texture. Closed standards and flaring, wavy falls. Brown beard, blue tipped. Well-placed blooms on strong stalks. A good increaser. (Hoosier Sunrise X Sable). Won the Seedling Cup in Region 14 in 1955. Also H.C.

\$15.00

ANINE (Ellen Knopf)

32" E. An oncobred of lovely violet shade. Standards nicely closed, flaring falls, fine texture and substance. Withstands wind and rain remarkably well. (Snow Flurry X Ib Mac [true]) Named for my Mother on her 80th birthday.

\$12.50

Many selected seedlings in all colors. 2- and 3-year test grown. Your choice.

Each \$1.50

V.L.—very late

F.B.—fall bloomer

GIFT CERTIFICATES

We will be most happy to issue gift certificates to your friends and relatives for any occasion. The iris will then be mailed to them at the proper planting time.

Cultural Directions for Bearded Iris

1. Must have good drainage.
2. Full sun or not less than half day.
3. Plant rhizome $\frac{3}{4}$ " below surface, spreading roots well. Firm soil well around roots. Keep moist for at least 2 weeks or until new roots have developed.
4. Plant from 1 to 2 feet apart each way.
5. The soil should be well cultivated in advance with well-rotted cow manure, bone meal, or some well-balanced commercial fertilizer. Iris are happy with phosphate and potash.
6. In keeping your old dried leaves picked off and cleaned up, it is not necessary to trim the fans, except when moving the iris, and then only to keep the wind from blowing them over.
